

Transcription of an English armorial *temp. Richard II (ARS)*.

© Steen Clemmensen, Farum, Denmark, www.armorial.dk , 2016.

From Paris, BnF, ms.fr. 5256, ff. 83v-93v, part of the du Cange manuscripts. Blazoned on paper, 93 ff, 318 x 202 mm. The present part is titled on fo.83v: "ms de nobilité anglais vers 1420, titres de la terre de Piquigny, appartenait à D.Chaunes".

The manuscript was used by Jérôme Launé (2001) as material for a doctoral thesis, cited in Pastoreau & Popoff *Toison d'or* 2:79 (ETO). Present also in BnF, ms.fr.33009, as an ordinary. Possibly utilized for *Armorial Le Blancq* (LBQ), mainly a clone of the *Urfé* (URF).

Segment **01** corresponds to the family of Henry IV (r.1399-1413) and includes Thomas Beaufort E.Dorset (d.1411). Segment **02** appears to be a variant of the English in the *Toison d'or* with some changes of names, incl. Marmaduke Constable (#121), who died in 1377. Segment **03** is mainly derived from the *Toison d'or*, but with a number of inserts. Segment **04** is a fragment of an ordinary, and segment **05** appears to be a fragment of a older general armorial.

Besides the above, the manuscript includes from fo.4r nobles from Provence (<1614), from 6r families from Avignon, from 29r notes on English history, and from 75r an extract from the armorial *Navarre* (NAV).
